

## Market Parking

For Visitors:

The market location is indicated by the star on the map below.

There is a walkway from the Franklin street carpark to immediately opposite the market.

There is a walking track along the river to the village green (and hence the market) from both the direction of the Historic Richmond Bridge and the Bathurst Street carpark (for able bodied persons).

Please be considerate of road rules and the local residents.

Vehicles cannot be parked in the jail carpark or in front of local residences for extended periods of time and must not obstruct general traffic in the village.
